

## **UCAS COVID 19 contextual statement**

During the lockdown 2020, students received their lessons via Show My Homework, two lessons per subject per week, for 8 weeks. In June & July they received face to face tuition for six out of fifteen of their lessons, supported by Show My Homework lessons and on average 75% of students were able to attend these sessions.

Since September, we have not had any further lockdown at a school level and we are now transitioning to Google classroom, so that we can provide interactive video lessons if required.
