

# Special Educational Needs Information Report

The Island Education Federation

## 1) Aims of our provision in regards to students with special educational needs and/or disability

- The aims of our policy and practice in relation to special educational need and disability in this school are:
- To make reasonable adjustments for those with a disability by taking action to increase access to the curriculum, the environment and to printed information for all.
- To ensure that children and young people with SEN engage in the activities of the school alongside students who do not have SEN.
- To reduce barriers to progress by embedding the principles in the National Curriculum Inclusion statement <https://www.gov.uk/government/collections/national-curriculum>
- To use our best endeavours to secure special educational provision for students for whom this is required, that is “additional to and different from” that is provided within the differentiated curriculum, to better respond to the four broad areas of need: 1. Communication and interaction, 2. Cognition and learning, 3. Social, mental and emotional health, 4. Sensory/physical.
- To request, monitor and respond to parent/carers’ and students’ views in order to evidence high levels of confidence and partnership.
- To ensure a high level of staff expertise to meet student need, through well-targeted continuing professional development.
- To support students with medical conditions to achieve full inclusion in all school activities by ensuring consultation with health and social care professionals in order to meet the medical needs of students.
- To work in cooperative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multiprofessional approach to meeting the needs of all vulnerable learners.

## 2) What are special educational needs (SEN) or a disability?

At our school we use the definition for SEN and for disability from the SEND Code of Practice (2014). This states: ***Special Educational Needs: A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her. A learning difficulty or disability is a significantly greater difficulty in***

**learning than the majority of others of the same age. Special educational provision means educational or training provision that is additional to, or different from, that made generally for others of the same age in a mainstream setting in England.**

Disability: Many children and young people who have SEN may have a disability under the Equality Act 2010 – that is ‘...**a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities**’. This definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy, and cancer.

### 3) The kinds of special educational needs (SEN) for which provision is made at the school

- Children and young people with SEN have different needs, but the general presumption is that all children with SEN but without an Education, Health and Care Plan (EHCP) are welcome to apply for a place at our school, in line with the school admissions policy. If a place is available, we will undertake to use our best endeavours, in partnership with parents, to make the provision required to meet the SEN of students at this school.
- For children with an EHCP, parents have the right to request a particular school and the local authority must comply with that preference and name the school or college in the EHC plan unless: it would be unsuitable for the age, ability, aptitude or SEN of the child or young person, or the attendance of the child or young person there would be incompatible with the efficient education of others, or the efficient use of resources. • Before making the decision to name our school in a child’s EHCP, the local authority will send the governing body a copy of the EHCP and then consider their comments very carefully before a final decision on placement is made. In addition, the local authority must also seek the agreement of school where the draft EHCP sets out any provision to be delivered on their premises that have been secured through a direct payment (personal budget)
- Parents of a child with an EHCP also have the right to seek a place at a special school if they consider that their child’s needs can be better met in specialist provision.
- Both Carisbrooke College and Medina College have a Local Authority Resourced provision attached to the college. At Carisbrooke, this provision is the Einstein Centre, for students with ASD; at Medina, this is The Aspire Provision for students with Social, Emotional and Mental Health difficulties as their main area of need. Applications for each of these provisions is made through the local authority directly and students are awarded a place if the local authority agrees that they need a specialist provision.

### 4) How does our school know if children need extra help? (SE7 1 Q1)

We know when a student needs help if:

- Concerns are raised by parents/carers, external agencies, teachers, the student's previous school or the student themselves, regarding concerns relating to inadequate levels of progress or inclusion.
- Screening, such as that completed on entry or as a result of a concern being raised, indicates gap in knowledge and/or skills.
- Whole school tracking of attainment outcomes indicates lack of expected rate of progress.
- Observation of the student indicates that they have additional needs

### 5) What should a parent do if they think their child may have special educational needs? (SE7 1 Q1)

- If parents have concerns relating to their child's learning or inclusion then please initially discuss these with your child's teacher/subject teacher/ form tutor. This then may result in a referral to the Federation SENCo whose name is Deborah Connor and whose contact details are: [senhelpdesk@iwef.org.uk](mailto:senhelpdesk@iwef.org.uk)
- Parents may also contact the SENCo or the Headteacher directly if they feel this is more appropriate.
- All parents will be listened to. Their views and their aspirations for their child will be central to the assessment and provision that is provided by the school.

### 6) How will the school support a child with SEND? (SE7 Q2)

All students will be provided with high quality teaching that is differentiated to meet the needs of all learners. The quality of classroom teaching provided to students with SEND is monitored through a number of processes that include:

1. Classroom observation by the senior leadership team, the SENCo, external verifiers,
2. Ongoing assessment of progress made by students with SEND,
3. Work sampling and scrutiny of planning to ensure effective matching of work to student need,
4. Teacher meetings with the SENCo to provide advice and guidance on meeting the needs of students with SEND,
5. Student and parent feedback on the quality and effectiveness of interventions provided,
6. Attendance and behaviour records.

Students with a disability will be provided with reasonable adjustments (such as auxiliary aids and services) to overcome any disadvantage experienced in schools and increase their access to the taught curriculum. All students have targets set in line with national outcomes to ensure ambition. Parents are informed of these via the reporting system and also at events such as Parents' Evenings. Students' attainments are tracked using the whole school tracking system and those failing to make expected levels of progress are identified very quickly. These students are then discussed in termly progress meetings that are undertaken between the class/subject teacher and a member of the Senior Leadership team and if appropriate, the student themselves. Additional action to increase the rate of progress will be then identified and recorded that will include a review of the impact of the differentiated teaching being provided to the child, and if required, provision to the teacher of additional strategies to further support the success of the student. Where it is decided during this early discussion that special educational provision is required to support increased rates, parents will be informed that the school considers their child may require SEN support and their partnership sought in order to improve attainments.

Action relating to SEN support will follow an assess, plan, do and review model:

1. Assess: Data on the student held by the school will be collated by the class/subject teacher/SENCo in order to make an accurate assessment of the student's needs. Parents will always be invited to this early discussion to support the identification of action to improve outcomes.
2. Plan: If review of the action taken indicates that "additional to and different from" support will be required, then the views of all involved including the parents and the student will be obtained and appropriate evidence-based interventions identified, recorded and implemented by the class/subject teacher with advice from the SENCo.
3. SEN support will be recorded on a plan that will identify a clear set of expected outcomes, which will include stretching and relevant academic and developmental targets (this may include for young people, targets around preparing for adulthood) that take 5 into account parents' aspirations for their child. Parents and the student will also be consulted on the action they can take to support attainment of the desired outcomes. This will be recorded and a date made for reviewing attainment.
4. Review: Progress towards these outcomes will be tracked and reviewed termly with the parents and the student. If progress rates are judged to be inadequate despite the delivery of high quality interventions, advice will always be sought from external agencies regarding strategies to best meet the specific needs of a student. This will only be undertaken after parent permission has been obtained and may include referral to: 1. Local Authority Support Services 2. Specialists in other schools e.g. teaching schools, special schools. 3. Social Services 4. Health partners such as School Nurse and Child & Adolescent Mental Health Service N.B. For a very small percentage of students, whose needs are significant and complex and the SEN Support required to meet their needs cannot reasonably be provided

from within the school's own resources, a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided.

### 7) How will students be involved in decisions regarding provision that can better meet their needs? (Schedule 1: Point 8)

This school uses student centred profiles. These are completed by the students themselves and identify their abilities and strengths, their personal aims and the action they require to be taken by the school to reduce barriers to learning and social success. Each term, this information will be reviewed and the student's views gained on the effectiveness of the action taken so far to meet their needs.

### 8) How will the curriculum be matched to each child's needs? (SE7 Q3) (Schedule 1: Point 3)

- Teachers plan using students' achievement levels, differentiating tasks to ensure progress for every student in the classroom.
- When a student has been identified as having special educational needs, the curriculum and the learning environment will be further adapted by the class teacher to reduce barriers to learning and enable them to access the curriculum more easily.
- These adaptations may include strategies suggested by the Special Educational Needs Coordinator (SENCo) and/or external specialists.
- In addition if it is considered appropriate, students may be provided with specialised equipment or resources such as ICT and/or additional adult help. All actions taken by the class teacher will be recorded and shared with parents.

### 9) How will parents know how their child is doing? (SE7 Q4) (Schedule 1: Point 7)

Attainments towards the identified outcomes will be shared with parents termly through feedback regarding SEN support reviews but also through the school reporting system and Parents' Evenings. • Parents may also find the home-school diary a useful tool to use to communicate with school staff on a more regular basis. 6 • Parents are encouraged to arrange an appointment to discuss their child's progress with the class/subject teacher, the SENCo, a member of the senior leadership team at any time when they feel concerned or have information they feel they would like to share that could impact on their child's success. Please contact the school office who will arrange this appointment for you.

### 10) How will parents be helped to support their child's learning? (SE7 Q4) (Schedule 1: Point 7)

- Please look at the school website. It can be found at [myschool@local authority.gov.uk](mailto:myschool@localauthority.gov.uk) and includes links to websites and resources that we have found useful in supporting parents to help their child learn at home. In addition, the termly newsletter includes a section that identifies local learning opportunities.
- The class/subject teacher or SENCo may also suggest additional ways of supporting your child's learning.
- The school organises a number of parent workshops during the year. These are advertised in the school newsletter and on our website and aim to provide useful opportunities for parents to learn more about how to support your child's learning.
- If you have ideas on support that you would like to have access to in order to further support your child's learning, please contact the SENCo who will locate information and guidance for you in this area.

### 11) How will the school evaluate the effectiveness of the SEN provision made for students? (Schedule 1: Point 3)

The effectiveness of SEN provision will be measured using both qualitative and quantitative data. Qualitative data will gather the views of parents and students on how successful the provision has been in enabling them to attain their outcomes. Quantitative data will examine both progress and attainment levels compared to those achieved nationally for students with the same level prior learning level. This data will be shared termly with governors and be judged by external moderators such as Ofsted.

### 12) What support will there be for children's overall well-being? (SE7 Q5) (Schedule 1: Point 3)

The school offers a wide variety of pastoral support for students. This includes:

- An evaluated Personal, Social, Health and Economic (PHSE) curriculum that aims to provide students with the knowledge, understanding and skills they need to enhance their emotional and social knowledge and well-being. Please visit our website to see the topics that are included within this area of the curriculum.
- Student and Parent voice mechanisms are in place and are monitored for effectiveness by the Governor for responsibility for this area.
- Small group evidence-led interventions to support student's well-being are delivered to targeted students and groups. .
- Students who find outside class times difficult are provided with alternative small group opportunities within the school and action is taken to develop their social interaction skills.

### 13) Students with medical needs (Statutory duty under the Children and Families Act) (SE7 5)

Students with medical needs will be provided with a detailed Individual Health and Care Plan, compiled in partnership with the school nurse and parents and if appropriate, the student themselves. Staff who volunteer to administer and supervise medications, will complete formal training and be verified by the school nurse as being competent. All medicine administration procedures adhere to the LA policy and Department of Education (DfE) guidelines included within Supporting students at school with medical conditions (DfE) 2014 and identified in the School Medicine Administration Policy.

#### 14) What specialist services are available at the school? (SE7 Q6)

The school has access to a range of specialist support that are identified in (6) above.

#### 15) What training do the staff supporting children and young people with SEND undertake? (SE7 Q7) (Schedule 1: Point 5)

In the last two years school staff have received a range of training at three levels; awareness, enhanced and specialist. Awareness training has been provided to all staff on:

- How to support students with dyslexia and literacy difficulties.
- How to support students on the autistic spectrum
- How to support students with speech, language and communication difficulties
- Comic Strip Conversations
- Social Stories
- Zones of Regulation
- The Speech and Language team visits termly to assess and plan support for targeted students. These programmes are then delivered by a trained Teaching Assistant.
- The Governors with specific responsibility for SEN have completed the SEN Governor training.

#### 16) How will my child be included in activities outside the classroom including school trips? (SE7 Q8) (Schedule 1: Point 3)

- Risk assessments are carried out and procedures are put in place to enable all children to participate in all school activities

- The school ensures it has sufficient staff expertise to ensure that no child with SEND is excluded from any school provided activity.

## 17) How accessible is the school environment? (SE7 Q9) (Schedule 1: Point 3)

All three sites have lifts and are wheelchair accessible. At the VIth form and Medina College, the few inaccessible rooms are not timetabled for students with disabilities; instead, classes are scheduled in alternative specialist rooms to ensure full access to the curriculum for students with SEND. As a new build, this issue does not exist at Carisbrooke College, where all rooms are wheelchair accessible.

## 18) How will the school prepare/support my child when joining or transferring to a new school? (SE7 Q10) (Schedule 1: Point 12)

A number of strategies are in place to enable effective students' transition. These include on entry:

- A planned introduction programme is delivered in the Summer term to support transfer for students starting school in September.
- Parent/carers are invited to a meeting at the school and are provided with a range of information to support them in enabling their child to settle into the school routine.
- Members of the SEND team visit all primary schools to ensure effective transference of information
- SEND information afternoons are held at both colleges and at the VIth form, all students with additional needs are encouraged to visit the college and are, in turn, visited by the SEND manager
- If students are transferring from another setting, the previous school records will be requested immediately and a meeting set up with parents to identify and reduce any concerns. Transition to the next school, preparation for adulthood and independent living (Schedule Point 12) Primary: • The transition programme in place
- Parents will be encouraged to consider options for the next phase of education and the school will involve outside agencies, as appropriate, to ensure information provided is comprehensive but accessible.
- Accompanied visits to other providers may be arranged as appropriate.
- For students transferring to local schools, the SENCOs of both schools will meet to discuss the needs of students with SEN in order to ensure a smooth transition. .
- The records of students who leave the school mid-phase will be transferred within five working days of the parents notifying their child has been enrolled at another school. After school:

- The school adheres to the guidance in Careers guidance and inspiration in schools: Statutory guidance for governing bodies, school leaders and school staff April 2014 <http://preview.tinyurl.com/mn5muuo>
- This places a duty on schools to secure independent careers guidance for all Y8-13 students. This guidance includes information on the range of education or training options, including apprenticeships and other vocational pathways.
- Parents may like to use the website of the National Careers Service that offers information and professional advice about education, training and work to people of all ages. <https://nationalcareersservice.direct.gov.uk> or examine options identified in the local offer published by the local authority which sets out details of SEN provision - including the full range of post-16 options – and support available to children and young people with SEN and disabilities to help them prepare for adulthood, including getting a job.
- Where a student has an EHCP, all reviews of that Plan from Year 9 at the latest, and onwards, will include a focus on preparing for adulthood, including employment, independent living and participation in society The Federation careers team also attend the EHCP reviews of students from year 9 onwards

19). How are the school's resources allocated and matched to children's special educational needs? (SE7 Q11)  
(Schedule 1: Point 6)

The school receives funding to respond to the needs of students with SEND from a number of sources that includes:

1. A proportion of the funds allocated per student to the school to provide for their education is called the Age Weighted student Unit.
2. The Notional SEN budget. This is a fund devolved to schools to support them to meet the needs of students with SEND.
3. For those students with the most complex needs, the school may be allocated additional educational needs funding from the Local Authorities High Needs SEN Funding allocation.
4. This funding is then used to provide the equipment and facilities to support students with special educational needs and disabilities through support that might include:
5. Targeted differentiation to increase access to text (desk copies of information, work buddy, accessible text, IT e.g. read aloud software, different recording strategies, additional time etc..)
6. In class, adult or peer support aimed at increasing skills in specific area of weakness (learning behaviours, organisation, etc)
7. Out of class support (relationship building, social, emotional skill development, )
8. Small group tuition to enable catch up (subject or targeted at additional need)
9. Specific support, advice and guidance is provided to parents and families to improve student's readiness for learning (relating to student's difficulties in attendance, behaviour, physiological and emotional needs etc)

10. Provision of specialist resources or equipment (use of ICT, sloping board, electronic versions of text etc)
11. Partnership working with other settings (shared resources e.g. Parent Liaison Worker; shared expertise: support from local special school on action to improve inclusion: shared alternative environments etc.)
12. Access to targeted before/after school clubs ( homework, clubs targeted at increasing resilience)
13. Access to the school nurse and wider health professional support (responding to mental and physical health issues, speech, language and communication needs, motor control and mobility needs)
14. Access to support from in-school sources e.g. learning mentors (peer or adult) or from charities (e.g. Barnardos, Relate) and community sources (e.g. Youth and Church groups, local businesses)
15. Implementation of strategies from support agencies e.g. Behaviour Support/Educational Welfare Support In addition: The student Premium funding provides additional funding for students who are claiming Free School Meals, who are in the care of the local authority or whose parents are in the Armed Services. The deployment of this funding is published on the school website. If parents wish to discuss the options available for their child, they are welcome to make an appointment to see the class/subject teacher, SENCo or a member of the Senior Leadership Team

## 20) How is the decision made about how much support each child will receive? (SE7 12) (Schedule 1: Point 7)

- For students with SEN but without a statement of educational need/EHCP, the decision regarding the support provided will be taken at joint meetings with the SENCo, class teacher and parent who will follow guidance provided by the Governing Body regarding SEN Funding deployment.
- For students with a statement of educational need/EHCP, this decision will be reached in agreement with parents when the EHCP is being produced or at an annual review.

## 21) How will I be involved in discussions about and planning for my child's education? (SE7 Q 13) (Schedule 1: Point 7)

This will be through:

- discussions with the class teacher, SENCo or senior leadership team member,
- during parents evenings,
- meetings with support and external agencies.

## 22) Who can I contact for further information or if I have any concerns? (SE7 Q 14) (Schedule 1: Point 9)

If you wish to discuss your child's special educational needs or are unhappy about any issues regarding the school's response to meeting these needs, please contact the following:

- Your child's class tutor,
- The SEND Manager at each site,
- The SENDCO
- The Headteacher,
- For complaints, please contact the School Governors with responsibility for SEN. Their names are Sara Higgs, Mike and Vanessa Whitewood They can be contacted via their IWEF email

## (23) Support services for parents of students with SEN include: (Schedule 1: Point 8)

- Information, Advice and Support Agency Network offers independent advice and support to parents and carers of all children and young people with SEND and will direct visitors to their nearest IAS service <http://www.iassnetwork.org.uk/>
- For parents who are unhappy with the Local Authority or school responses to their child's SEND, parents may seek mediation from the regional mediation services. Information on this free service is located here <http://preview.tinyurl.com/qx5a8vq>
- Parents and carers can also appeal to the Government's SEND tribunal if you disagree with the Local Authorities decisions about your child's special educational needs. You can also appeal to the tribunal if the school or council has discriminated against your disabled child. Information on this process is available here <http://preview.tinyurl.com/ovg4so3> 23)
- The Local Offer from the Isle of Wight Local Authority can be found here: <https://www.iow.gov.uk/localoffer>

Other useful documents:

- The SEND Code of Practice (January 2015) The Code of Practice provides statutory guidance on duties, policies and procedures relating to Part 3 of the Children and Families Act 2014 and associated regulations <http://preview.tinyurl.com/nenth62>
