

1 February 2022

Dear parent/carer

A Farm Club for years 7-10 is starting after half term at Medina College, on Tuesdays and Wednesdays from 3.15 - 4.15pm.

We will be meeting in classroom S3 and then going out to our newly developed on site farm area. The aim is to learn about farming techniques and also growing lots of tasty fruit and vegetables! We have a large polytunnel, vegetable beds, orchard area and fruit beds with a state of the art glasshouse being installed in the next couple of weeks. We are also developing a fully accessible disability area with raised planters both in a polytunnel and outside growing area. We will be having guest speakers from the agricultural sector regularly to talk to students and also be having some visits to farms across the Island.

We are proud to have links and be supported by the National Farmers Union and the Isle of Wight Agricultural Society.

If your child is interested, please fill out the form below and ask them to return it to me or the year office as soon as possible.

Yours faithfully

Victoria Lloyd
