

Art and Design:	Students will complete their 10 hour GCSE examination
Business Studies:	Exam preparation (calculate, outline, explain, analyse, discuss, justify and evaluate)
Child Development:	Students will undertake Unit 3 Exam revision and planning
Computer Science:	Revise Topics. Exams practice, including exam question technique and algorithm questions. Exams in this subject take place on Friday 19th May and Thursday 25th May
Design and Technology:	Students will revise for Sections A, B and C. They will practise exam questions and focus on high mark questions (8+ marks)
Drama:	Students will also review their learning in preparation for their final written exam
English:	Students will revise for their English Language GCSE and their English Literature GCSE. Revision will vary depending on the needs of the students
Food and Nutrition:	Food Preparation: Students will undertake revision activities and practise exam style responses. The 8, 10 and 12 mark questions will be explored. Students will also sit a 1 hour 45 minute assessment worth 50% of the final grade
French:	The French speaking exam (25% of final grade) is fast approaching and will be taking place on Thursday 4th and Friday 5th May. Students will be preparing for these important speaking exams as well as working on listening and writing skills and how to meet the exam criteria at the highest levels for both Foundation and Higher Tiers across all topic areas
Geography:	Revision
Health and Social Care:	Students will revise for component 3 - Health and Wellbeing and focus on person-centred Health and Wellbeing Improvement Plans
History:	Revision
Maths:	Students will undertake a mock exam and revise using exam practice papers
Music:	Exam preparation: Students will revisit set works and key vocabulary
Personal Development:	Students will study intimate relationships and both positive and negative connotations of sex. They will also look at LGBT+ rights and forced marriage
PE:	Students in PE will switch to Summer sport options as they continue to use PE lessons to step away from exam stress, help maintain their physical health and enjoy some physical activities. Activities will include: Softball, Rounders, Cricket, Tennis and Volleyball
Photography:	Students will complete their 10 hour GCSE examination
RE:	Revision
Science:	Revision
Spanish:	Revision using past papers
Sport BTEC:	Students will be completing their unit 3 coursework and any remaining coursework to finish the course. The stronger their coursework is, the better their overall grade will be
