

# Upcoming **volunteer** webinars

Governors for Schools is a national education charity that places skilled volunteers on school governing boards across England and Wales. We're holding monthly webinars where attendees can learn more about the role of school governors, how to apply, and what volunteers can gain from the experience.

Please share the following dates and links to sign up with your network. The sessions are aimed at those interested in learning more about school governance and usually last around 45 minutes with time for questions at the end.
